

## Empire State Opioid Epidemic Innovation Challenge

September 28-30, 2018

Columbia University Fu Foundation School of Engineering and Applied Science

Charlotte McCurdy is an interdisciplinary designer and researcher based in Brooklyn. She is a member of the New Museum's NEW INC cultural incubator where her research "After Ancient Sunlight" investigates materials and climate change. She is a Global Security & Design Fellow at the Rhode Island School of Design through the support of the MacArthur Foundation. Previously, McCurdy consulted major multinational corporations on sustainability strategy. She holds a Masters of Industrial Design from RISD, and received her BA in Global Affairs from Yale University.
