

Empire State Opioid Epidemic Innovation Challenge

September 28-30, 2018

Columbia University Fu Foundation School of Engineering and Applied Science

Jeffrey Yim works with Corporate Development and Strategic Ventures for Northwell Health, with responsibility for the operational, financial, and strategic positioning of Northwell Health service lines and other core competencies. In addition, he evaluated start-up venture opportunities for Northwell Health's Venture fund, providing seed to series B funding. Recently, Jeffrey has led an investment in Arterys, a leading cloud-based AI diagnostic imaging platform. While at Alvarez & Marsal, led numerous functional teams in cash management / treasury, financial modeling, budgeting, market analysis, operational improvement, business

development and mergers and acquisitions for clients and Private Equity backed portfolio companies in healthcare

Prior to joining A&M, he worked for Cressey & Co., a private investment firm focused exclusively on investing in and building leading healthcare businesses. During his time there, he played a key role in the acquisition and recapitalization of Midwest Dental, one of the largest dental practice management companies with locations throughout the Midwest and EnCompass Home Health, a Medicare home health provider based in Texas. In addition, he provided various business development support services, including budgeting and forecasting, operational restructurings, and add-on acquisition analysis. Mr. Yim holds a bachelor of science degree from Cornell University, with a major in Applied Economics and Management with a concentration in Finance.
