

## Empire State Opioid Epidemic Innovation Challenge

September 28-30, 2018

Columbia University Fu Foundation School of Engineering and Applied Science

Kim is the Director of Emerging Technology and Innovation at Northwell Health, focusing on identifying how new technologies could solve a problem better or more efficiently. Prior to joining Northwell Health, Kim spent nearly 20 years on the vendor side, building integration software for healthcare as the Director of Product Management at InterSystems Corporation, including the HealthShare HIE Platform. Kim holds a B.Sc. from the University of Guelph in Ontario, Canada, where she studied Computer Science.
